

## "All Men Are Created Equal"

1. Read this part of the Declaration of Independence & write it in your own words:

**"We hold these truths to be self-evident, that all men are created equal."**

2. **Reflect— What does "all men are created equal" mean? What do you think the original intention of the phrase was, and what does it mean now? Most importantly, what does it mean to you and how do you fit?**

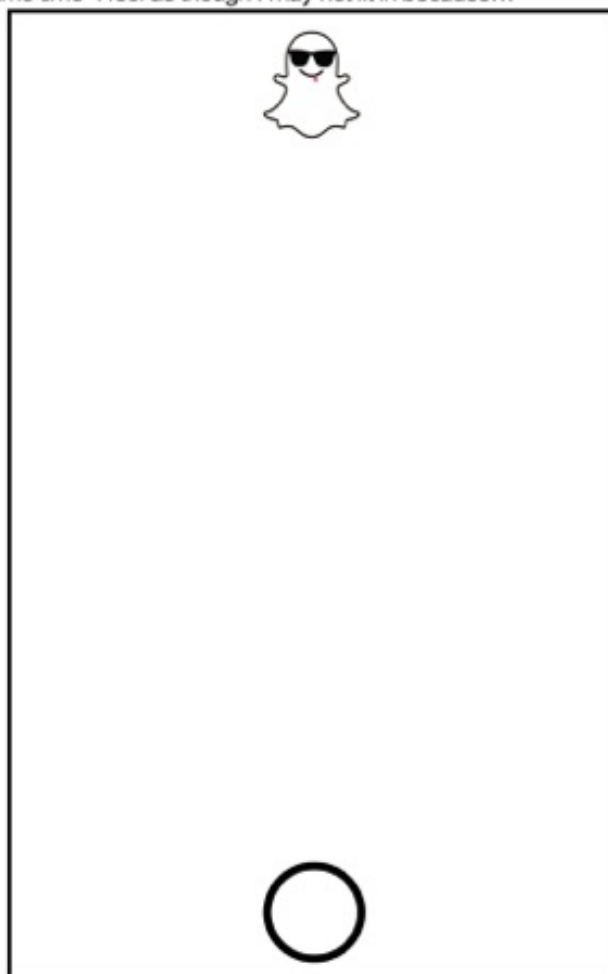

3. Follow Snapchat instructions below.

**Directions:** After completing the reflection on your own identity, decide on a few aspects of your identity that you want to include. Then:

1. Snapchat your identity with ONE caption that reflects your sentiments.
2. Write a reflection at the bottom that states whether or not you feel as though you "fit in" with the ideals stated in the D.O.I, specifically "All men are created equal." The reflection can be nuanced; for example, "I feel as though I fit it because..." but at the same time "I feel as though I may not fit in because..."

A large rectangular box representing a Snapchat post. At the top center is a small ghost icon wearing sunglasses. At the bottom center is a circle, representing the camera button. The rest of the box is empty space for a photo or video.
